# Bibliography Screen

The screenshot shows the Bibliography Screen interface. At the top right, there is a button labeled [Back to Reference List](#) with a curved arrow pointing to the left. Below this, the "Output Style" is set to "MLA 6th Edition".

There are two main sections for formatting:

- Format Paper and Bibliography**: Includes links for [Information](#) and [How to Enter Citations into your Document](#). Below this is a text input field labeled "Document to Format".
- Format a Bibliography from a List of References**: Includes a "File Type to Create" dropdown menu set to "Word for Windows (2000 or later)", with a curved arrow pointing to the dropdown arrow. Below this is an "Include" section with two radio buttons: "All References (673)" (selected) and "References from" (with a dropdown menu set to "Last Imported"). A curved arrow points to the "References from" dropdown.

At the bottom, there is a large button labeled "Create Bibliography" with a curved arrow pointing to it from below.

Your reference list should download automatically. If it doesn't, [Download it](#)

A diagram showing two buttons: "Open" and "Save". The "Open" button is on the left and the "Save" button is on the right. Above the "Save" button, the text "Click" is written. Below the "Open" button, the text "Click" is written. A curved arrow points from the "Click" text below "Open" to the "Open" button. Another curved arrow points from the "Click" text above "Save" to the "Save" button.
